

an intelligent move.

Shouldn't home be both a place to rest your head and a rewarding investment? That has been Graywood's philosophy for over three decades.

From our home base in Toronto, we have developed an impressive portfolio of single-family homes and townhomes, boutique mid-rise condo buildings and high-rise towers throughout North America. From the landmark Ritz-Carlton Hotel and Residences to notable communities like Ocean Club and The Mercer, we believe in developing spaces that are not just optimized for life today, but built with a vision of a prosperous tomorrow.

Because if a home is one of the biggest investments you'll ever make, shouldn't your real estate developer also be an investment expert?

We think so. And that is why we're both.
